14th to 15th November 2022

CanTest

Primary Care Cancer Detection Summit

Right place, right time, by your family doctor

Wellcome Collection, Euston Road, London, UK

CANCER RESEARCH UK

Royal College of General Practitioners

CanTest
Primary Care Cancer Detection Summit
Right place, right time, by your family doctor

Monday 14th November

'Where are we now?' State of the Science Day
Showcasing current knowledge on cancer detection in primary care and beyond

SESSION 1: SETTING THE SCENE   Chair: Prof Fiona Walter

10:00	Welcome and Introduction	Prof Fiona Walter
10:05	Welcome from CRUK: view from the top and the Early Detection & Diagnosis Committee	Michelle Mitchell OBE, Dr Alexis Webb
10:20	Why does Primary Care matter in cancer detection and diagnosis?	Prof Willie Hamilton
10:30	CanTest Highlights: The Movie	CanTest Faculty
10:40	Reflections from a Patient Representative	Sue Duncombe
10:50	Discussion with Speaker Panel	
11:00	*Coffee*	

SESSION 2: CURRENT CLINICAL CARE   Chair: Prof Greg Rubin

11:15	How does this fit into the NHS and further afield?	Prof Greg Rubin
11:20	Challenges in Primary Care *Few Q&As*	Dr Richard Roope
11:35	Cancer diagnosis within the NHS *Few Q&As*	Prof Sir Mike Richards
11:50	Beyond the NHS: International perspectives	Prof Niek de Wit (NL), Dr Liz Sarma (US)
12:10	Discussion with Speaker Panel	
12:30	*Lunch with networking*	

SESSION 3A: PATIENT PATHWAY TO CANCER DIAGNOSIS   Chair: Prof Jon Emery

13:30	Summarising the State of the Science	Prof Jon Emery
13:40	Patient access *Overview* *Impact of multi-morbidities* *Impact of age and inequalities*	Prof Kate Brain Prof Gary Abel Dr Dan Jones
14:05	Biomarker tests *Overview* *Detecting ovarian cancer* *Detecting colorectal cancer*	Prof Emma Crosbie Dr Garth Funston Dr Sarah Bailey
14:30	Imaging tests *Overview* *Detecting lung cancer* *Detecting prostate cancer*	Prof Mat Callister Dr Steve Bradley Dr Sam Merriel
14:55	*Tea*	

SESSION 3B: PATIENT PATHWAY TO CANCER DIAGNOSIS   Chair: Prof Matthew Thompson

15:10	Devices *Overview – including CytoSponge* *Detecting skin cancer*	Prof Peter Sasieni Dr Owain Jones
15:25	Identifying the high risk patient *Generating and implementing evidence* *from EHR data to achieve earlier diagnosis*	Prof Yoryos Lyratzopoulos Prof Hardeep Singh
15:45	Primary care *Overview – including Think Cancer* *ERICA trial* *Safety-netting*	Prof Richard Neal Prof Willie Hamilton Dr Georgia Black
16:15	Discussion with Speaker Panel	Chairs: Prof Jon Emery, Prof Matthew Thompson
16:45	*Networking Reception*	

CanTest
Primary Care Cancer Detection Summit
Right place, right time, by your family doctor

Tuesday 15th November
'What Next?' Looking forward
Vision for the future: exploring opportunities for improving cancer detection and diagnosis

SESSION 1: CURRENT & FUTURE CONTEXT — Chair: Prof Willie Hamilton

10:00	Welcome and Introduction	Prof Willie Hamilton
10:10	Novel approaches to early cancer detection in the NHS	Dr Lennard Lee
10:25	Enhancing cancer detection in Primary Care – a health economist view	Prof Anne Spencer
10:35	International comparisons using ICBP findings	Prof Yoryos Lyratzopoulos
10:45	Discussion with all Panel Speakers. also joined by Samantha Harrison, Cancer Research UK	
11:00	*Coffee*	

SESSION 2: GLOBAL RESEARCH DIRECTIONS — Chairs: Peter Sasieni, Emma Crosbie

11:15	Overview	Prof Peter Sasieni, Prof Emma Crosbie
11:25	Patient access – addressing inequalities and new ways of consulting	Prof Suzanne Scott
11:40	Multi-Cancer Early Detection (MCED) tests and Target Product Profiles	Prof Larry Kessler
11:55	Potential of wearables and other sensors for early cancer detection	Prof Matthew Thompson
12:10	Research directions in imaging	Prof Shonit Punwani
12:20	Discussion with Speaker Panel	
12:30	*Lunch with networking*	

SESSION 3: PRIMARY CARE CANCER DETECTION — Chair: Prof Richard Neal

13:30	Introduction	Prof Richard Neal
13:35	New developments in decision support tools	Prof Julia Hippisley-Cox
13:50	Primary care data and machine learning	Prof Niek de Wit
14:05	Genomics for cancer risk prediction and detection	Prof Matthew Thompson, Prof Jon Emery, Dr Sibel Saya
14:20	CANDETECT programme	Prof Fiona Walter, Prof Steve Pereira
14:30	Discussion with Speaker Panel and CanTest Faculty Panel	
14:45	*Tea*	

SESSION 4: KEYNOTES — Chair: Prof Greg Rubin

15:00	Advancing primary care cancer detection – contributions from engineering and industry	Prof Sir Mike Brady
15:20	Advancing early diagnosis in primary care for the NHS	Prof Peter Johnson
15:40	Discussion with Speaker Panel, patients and CanTest Faculty Panel	
16:00	Thanks	Prof Fiona Walter
16:05	*Networking Reception*
